General Risk Assessment.

Version 2.0

The previous 'Covid-19 Risk Assessment' document created and dated 25th July 2020 (Version 1.0), has now been superseded by this document called 'General Risk Assessment' (Version 2.0).

Review date: 3rd August 2021.

The following statement has been issued by Herne Farm Limited.

"Our review of the 'Covid-19 Risk Assessment' dated 25th July 2020 now shows that it has been superseded by Governmental changes for the Covid-19 pandemic as we now move out of lockdown. It remains however on our files as a historical record of our actions and duty of care taken to render our site as safe as possible. We have had no known reported positive cases".

"The health, safety and well-being of all users of the Herne Farm Leisure Centre is, as always, our priority. The Board of Directors have undertaken risk assessments and have agreed measures to ensure that everyone remains as safe as possible from Covid and other risks. For this to be achieved however, it is also vital that you to play your part in reducing the general risks and those of Covid-19". How you propose to do this should be contained in your risk assessment/s and we suggest that you also provide members of your classes, societies etc with advice on keeping themselves and others safe from Covid".

Please note that our Leisure Centre is unmanned except during the Office Hours **Monday to Friday 09.00 - 13.00**, when our Centre Manager is present.

He can also be contacted by phone during this time period on **01730 266874** (*answer machine available*), or alternatively you can send an email to **manager@hernefarmlimited.co.uk**.

Please visit our website **www.hernefarmlimited.co.uk** for further information.

Compiled by Dr C G Roffey, Director, acting for and on behalf of The Board.

The original policy was approved by the Herne Farm Board **on 25th July 2020** (version 1).

This policy is next due for review by the Herne Farm Board **on 25th July 2022**.
